

## EPC SUITE

From planning to implementation to maintenance, EPC Suite provides automation for your entire Project Life-Cycle.

### Consistent & Secure Data

Your data flows easily through all processes securely and utilizes your resources optimally.

#### EPC Suite is perfect for all types of projects:

- > ESPC / Building Efficiency
- > New Construction
- > Municiple Infrastructure
- > Campus Upgrades
- > Utilities and Facilities Management
- > Utility Meter / Street Light Modules

EPC Suite is delivered as Private SaaS (P-SaaS), so you are not sharing computing power and databases, and there are no user limits, so you can invite all the Client and Subcontractor users you need to stay up to date on progress with real-time data.

- ✓ Unlimited Users
- ✓ No Per-User Fees
- ✓ 24/7 Access
